## NEW Limited-Edition Craft Series Debuts— ADVENTURE COLLECTION

As the true Home Of American Craftsmanship...where shopping is an adventure, The City is proud to unveil its 2011 masters' series, The Adventure Collection. Nine limited-edition signature pieces have emerged from the hands of our master craftsmen to become keepsake treasures that will last a lifetime and be passed down through generations. Start your family's "adventure" today:

During the 1880s candles were used for many reasons, from the courting candle used to determine the length of stay for a daughter's suitor to a classic rush light holder or colonial candle stand that illuminated a room. Like these traditional uses, our collection of hand-forged candle holders by senior craftsman, Wayne Rice, will stand the test of time with a sturdy yet sophisticated design.

From molten glass comes perfection with latticino Christmas ornaments hand-blown by a talented team of craftsmen, Shawn Watt and Al Kennigott. Inspired by the centuries-old technique mastered in Murano, Italy, the resulting ornament is the ultimate statement in tree décor.

Master crafter, Ray Johnson, hand-forges each blade of steel for long-lasting wear and durability. From the fires comes The Commoner, a small straight blade complete with sheath, used by early settlers for everything from skinning to cooking and eating on the frontier.

As pioneers made the trek to the new world, new pottery was needed to replace what they often had to leave behind. Master craftsman, Jeff Walker and team recreate those necessities with a signature mug, bowl and canister inspired by the brilliant blue waters and rustic wheat tones that immigrants saw.

The stunning woodwork of master crafter Warren Cook takes the form of a very special edition hidden treasures bookcase.

The trim of this beautifully crafted piece revisits the time-honored tradition of safeguarding valuables with a secret compartment.

Hand-poured by master candle maker Joyce 'Cricket' Huth and team, bayberry candles have historically been seen as a luxury candle lit for special occasions to bring abundant joy, happiness, luck and prosperity. The wax burns longer and cleaner with the bonus of a most pleasing aroma.

Veda Swearingen, master leather worker, incorporates a beautiful combination of naturally-aged leather and quality craftsmanship to bring

each unique journal to life. The collection of journals comes in various sizes and colors with decorative latches and closure accentuations that finish off these written memory holders.

The tried and true technique of glass cutting requires the perfect touch to dress up the delicate form of glass. A hand-cut pitcher and glassware set skillfully etched with the detailing of a schooner ship by master glass cutter, George Stiverson, is the perfect complement to any table-setting.

Specializing in chip-carving, master woodcarver Pam Gresham creates limited-edition treasure chests with burnished colorization that features her signature designs in an assortment of sizes complete with metal latch, handles and corner accents.

## Big appetites for Big Jack's Sandwich Shop

Calling all folks to Midtown for the best bite around... Big Jack's Sandwich Shop (G-4) proudly serving as a daily staple for hungry miners. Its reputation stands for itself with hearty meals made with the freshest and finest cuts of meat straight from Ozark Mountain Smokehouse! Fresh greens, super sandwiches and scrumptious "deli"-umptious soups are served with speed by longstanding shopkeeper and local town butcher Jack, along with his wife and strawberry pie maker extraordinaire, Mary.

Try the Original Big Jack served on a hubcap-sized Muffuletta loaf slathered with a homemade calamata and green olive spread and piled high with Genoa salami, Mortedella, cured ham and provolone cheese. Get it by the quarter, half or whole (which feeds 4 miners at the end of a long day, now that's quite an accomplishment).

Big Jack's also offers flaky

Croissants with Turkey & Cheddar or Ham & Swiss or the Ultimate Club on rye and sourdough. Plus, fresh greens like Mary's Classic Chef Salad or Cranberry Spinach with Grilled Chicken and piping hot from the kettle, Jack's Creamy Potato or Roasted Red Pepper & Gouda. And, be sure to save room for dessert as Mary serves up some serious pie from the famed

Strawberry to Peanut Butter Pie and even a tasty Hummingbird Cake!

## IMPORTANT INFO AND THINGS TO KNOW

### PARK POLICIES & PROCEDURES

**Service Animals** - Service animals are the only animals admitted. **Dress** - Silver Dollar City is a family-friendly environment and requires appropriate dress. Although some of our rides and attractions may get you wet, we request that swimsuits be limited to children 8 and under only. While on rides, children 8 and under will be asked to wear shorts over swimwear; all others wearing swimsuits will be required to wear an appropriate coverup at all times. Guests wearing clothing that may be offensive or inappropriate (including profanity or suggestive material) will be asked to change. Shirts & shoes must be worn at all times. The use of shoes with built-in skates or wheels is prohibited. We reserve the right to refuse admission to anyone not properly attired, and appreciate your help in keeping our City a great place for families to visit. **Line Jumping** - Line jumping or saving a space in line is strictly prohibited and may result in dismissal from the park without compensation. **Smoking** - For the convenience of smokers and non-smokers, smoking is not permitted in our City except in designated areas. This includes, but is not limited to, inside any building, ride lines, venue lines, and walkways. There are 12 Designated Smoking Areas located throughout the City as indicated on the map. **Alcoholic Beverages** - Not permitted anywhere on Silver Dollar City property. **Firearms** - Firearms and weapons of any type are prohibited on Silver Dollar City property. **Before Enjoying our Rides** - For your safety, some rides have height, health, size and/or age restrictions. Please read the posted Safety and Rider Responsibility advisories at each ride. All guests are required to be restrained on applicable attractions through the use of shoulder harnesses, lap bars, seat belts, etc., that must be positioned properly. (Neither ride personnel nor guests may use excessive force to secure a restraint system.) Larger or taller guests may experience difficulty on The GIANT Swing, PowderKeg, WildFire, Thunderation, Fire-in-The-Hole or Lost River of the Ozarks. For your convenience, test seats are available at PowderKeg and WildFire. Loose articles are not permitted on most rides. (This includes: hats, purses, cell phones, cameras, bags, personal electronics, pocket change, etc. Waist or fanny packs are not permitted on The GIANT Swing, PowderKeg, Thunderation or WildFire.) Please leave valuables with a non-rider or secure them in park lockers, available for rent. Unsecured storage bins are available at most rides, however, Silver Dollar City cannot take responsibility for lost, stolen or damaged articles. Some rides may close during inclement weather or for required maintenance, but will reopen as soon as possible. A Ride/Attraction Guidebook is available at the Front Gate and Ride/Attraction locations. **Ride Swap Program** - Guests with children not meeting height requirements may enjoy rides by notifying the

greeter at the ride of their situation. One adult will be allowed to ride while the second waits with kid(s). On the following ride cycle, the adults will "swap" places. Due to the nature of high thrill rides, guests will not be permitted to ride consecutively. **Re-Admission** - If you leave and plan to return on the same day, you must get a handstamp and retain your ticket for re-entry.

### Attention All Guests:

Traffic on Hwy. 76 can become congested in the evening (especially on Saturdays or in the event of inclement weather) which impacts your exit wait time in the parking lot. We invite you to stay and enjoy our indoor shows, shopping and dining. We also encourage the use of alternate routes into Branson as you exit to lessen your wait in traffic.

**1st Alternate Route:** At the intersection of Hwy. 76 & 265, turn right onto Hwy. 265. Follow this to the intersection of Hwy. 376 and turn left at the light returning to Branson.

**2nd Alternate Route:** At the intersection of Hwy. 76 & 465, turn left (North) onto Hwy. 465 (Ozark Mountain Highway). Continue to the Hwy. 465 / 65 Interchange where you can head SOUTH to Branson or NORTH to Springfield.

**Restrooms:** For your convenience restrooms located behind the ticket booths at the park entrance will remain open.

Inclement weather can arise. In the event, please stay and enjoy our indoor shops and dining as the park's exit will be crowded. - Thanks!
